Looks like end of this week maybe.

Have you heard any estimates from the ocean acidification side of the house, Jill?

Jayne, thanks for your patience. It's been challenging with everyone making up missed work due to the storms and other prior commitments. We have a meeting to discuss some of John's comments this afternoon and we'll send you something in the next few days. I think it's important that we get things right and everyone understands why we may be choosing not to answer some of these questions. Thanks again for keeping us honest and truly sorry about the delays.

Hi Jamie,

Given the storm, I was wondering about your latest projection on when we will see HQ's combined edits to the decision document and response to comments.

Hope all is okay with you.

I just received another call from OR DEQ on the status of our action on their 2010 303d List. When should we expect to receive HQ's comments? It sounded like from your email, we would receive

comments either COB on Monday or early on Tuesday and it is now Wednesday.....

Cheers,

Hi Chris,

What date are you thinking would be a good due date? When Eric sent his email on 9/14 in response to Dave's email of 9/11, he said you would be able to "start reviewing the information early next week and would not likely be ready for a discussion until mid- to late-week the following week." I interpreted this statement to mean you would be able to review the documents this week so I gave a due date of next Monday September 24 which is nearly two weeks.

Hi Jayne,

I just spoke with Heidi and Jamie and we are unable to speed up our review, due to a convergence of deadlines for some active litigation and briefings that we are involved in for management this and next week, combined with vacation schedules .

We are still on the schedule of getting you comments mid to late week, next week.
